BALL PLAYERS MAY ENLIST FOR WAR

(By Associated Press.) CHICAGO, Feb. 9.—Baseball players in the American league who decide to enlist for military service in the event of the United States becoming involved in war would be granted their immediate release and their positions held open, President Johnson of the American league announces.

INDIAN GIRLS DEFEATED IN GAME WITH TONOPAH'S CLASSY TEAM

The high school gymnasium was filled last evening with an enthusiastic crowd of basketball fans to see the game between the local high school girls and the team from the Carson Indian school. As a preliminary game was played between the eighth grade and the freshmen class of the high school. These two teams gave a very interesting exhibition of the game. They were very evenly matched in size and ability in general. The eighth grade had the advantage in team work and carried off the honors, winning by a score of 14 to 11. Mrs. Ina McLaughlin refereed the game.

When Referee Cuddy blew the whistle to call the game between the Indian maidens and the high school girls the former came on the floor, collected in a circle, gave their school yell, and immediately entered the game with a good will and with the best of humor—a fact that gained the good will of the spectators immediately. The Indian maidens had never played on a floor without side lines and the difference in play on such a floor bothered them a great deal. To add to their difficulty their best forward received a bad fall shortly after the game started and

also would look to the welfare of their dependents. Contracts will not stand in the way of American league players who wish to fight in the defense of their country. We would encourage the spirit to enlist."

President Johnson said that the league would not suspend in the event of war. He called attention to the fact that the National league during the Spanish-American conflict continued its schedules.

was replaced with a substitute. Superintendent Royce, of the Indian school, explained before the game began that their regular side center was left at home because her name was on the punishment list. With all these handicaps and the further fact that until this season the members of the Carson team had never even seen a basketball game, they put up a surprisingly good game. The score of 34 to 10 in favor of Tonopah only partially tells the tale. With a better acquaintance with the floor and with their forward in condition to play, the game this evening should be very close and well worth seeing.

The high school boys are all feeling somewhat chagrined over their Goldfield score and have challenged the Tonopah Plutes for a game this evening. The high school boys are in condition to give a good account of themselves, and this game, in addition to the game between the high school girls and the Carson Indian school, will make a very attractive evening's entertainment. In order that spectators may be insured a seat, reserved seats are being sold at Roberts & Nutto's without any additional charge.

TONOPAH MINING COMPANY DENIES ALLEGED BULLION TAX DELINQUENCY

Mr. J. S. Austin, president of the Tonopah Mining company of Nevada, has forwarded from the Philadelphia office of the company to the local office a statement of the company's position with regard to the report of the auditors of the Nye county grand jury wherein the auditors allege that the company is in arrears for bullion taxes. The statement, which is authorized to be published, reads as follows:

"In all our statements for taxes, our books have at all times been open to public officials, and have been

examined by them whenever they desired. Our ore was sold for as high a price as could be obtained from any custom mill, and our bullion taxes were paid on the product of the mine valued on that basis. No bullion tax was ever paid by custom mills, and we claimed that the same rule should apply to us; and this was agreed to by public officials. We are prepared to defend this position. We resent any implication of fraud, as all our books and accounts have been examined by public officials whenever they desired to do so."

MEXICO OBSERVES FOURTH CENTENIAL

(By Associated Press.) MEXICO CITY, Feb. 9.—The four hundredth anniversary of the discovery of Mexico by Francisco Hernandez de Cordoba will be celebrated elaborately here March 1, under the auspices of the Mexican Geographical society, aided by the local Spanish colony. That Hernandez Cortes was the first to touch Mexican soil when he landed April 21, 1519, has been accepted by many, but investigations of the society have shown, it is claimed, that de Cordoba, bearing a commission from the governor of Cuba, landed on the peninsula of Yucatan in 1517 and took possession of that territory in the name of the king of Spain. The expedition apparently was not a success and returned to its base. The exact date of de Cordoba's debarkation is not known certainly, but according to the chronicles of the historian Bernal Diaz del Castillo, it probably was March 1, 1517.

ST. VALENTINE DANCE AT THE ELKS CLUB

AIRDOME MANAGEMENT CANCELS ENGAGEMENT MADE FOR SAME EVENING

St. Valentine's day, Wednesday, February 14, will be observed with but one dance and that will be at the Elks club, where a choice program has been prepared for those who love the giddy maze. The best five piece orchestra in Tonopah will play the very latest selections and the evening will have some choice features such as the Elks always introduce. The dance booked for the Airdome has been postponed owing to the fact that the management did not intend to detract from the attendance at the Elks, which was the first to announce St. Valentine's day as the anniversary which the club proposed to celebrate.

NEWLY WEDS PLACED UNDER THE SPOTLIGHT

OVATION AT BUTLER THEATER FOR SAFETY FIRST MAN AND BRIDE

Mr. and Mrs. George Riggs were treated to a demonstration last evening that did not appear in their honeymoon program. The affair was spontaneous and brought down the house with thunders of applause. The diversion occurred at the time Signor Giacomelli appeared in his famous musical act. The number was almost finished when somebody in the house rose and insisted that the musician strike up the wedding march. There was a moment's hesitation, since the signor had not been coached for the event, but the orchestra leader, who was wise to the situation, instantly sounded the opening strains of the famous composition from Lohengrin. Then the man in the picture box swung his spotlight right down in the center of the house, circling around until he landed squarely on the newly wedded couple. Then the aureole of light rested, embracing the heads and shoulders of the popular couple, while the house applauded for almost three minutes, during which the blushing cynosure of the audience laughed and joined in the applause, while a perfect avalanche of rice poured on them from all directions. The demonstration was the result of a desire of Mr. Riggs' friends to avenge themselves on him for springing a wedding surprise without advising them of the event.

AMUSEMENTS

BUTLER THEATER

There will be a big double bill at the Butler this evening. Theda Bara in a six-reel production, and a three-reel circus comedy.

Theda Bara makes her reappearance in vampire roles in the new Wm. Fox picture, "The Vixen," playing the part of Elsie Drummond, a young society girl who wrecks the life of her sister, Helen, by ingenious plots and false statements, bringing unhappiness to one man, and is only saved from bringing ruin on her home by the forbearance of the sister she has wronged.

The second feature is a three-reel circus comedy, the story being based on the jokes passed on the "Ford Flyer," featuring the celebrated comedian, Raymond Hitchcock. The story also has to do with the circus and circus life, with scenes of acrobats, clowns, bare-back riders, animal trainers, etc. The name of this production is "The Wonderful Wager," and it will surely please all the little folks and most of the big ones. Come early, stay late, and enjoy the big two-hour show.

Tomorrow, Emily Stevens, niece of Mrs. Fluke, and star in her own right, in "The Wheel of the Law," and a two-reel comedy.

WILL SPEND \$70,000 TO CONTROL RABIES

COMMITTEE OF THE WHOLE REPORTS FAVORABLY ON ASSEMBLY BILL

CARSON CITY, Feb. 9.—A. B. No. 56, special tax to raise funds for rabies commission and the extermination of coyotes, referred to the committee of the whole.

In committee of the whole, with Williams in the chair, consideration of A. B. No. 56 was taken up. The bill carries an appropriation of \$70,000 to carry on the work of extermination for the coming two years, to which Ackerman objected, because of the size of the appropriation, while Bell of Nye spoke in its favor, as did Kaeding of Lander. Former Senator T. J. Bell of Nye county was present in the lobby and he was called upon and interestingly spent the five minutes he was allowed in giving his views on the rabies situation. He favored the measure.

At 12:45, committee of the whole arose and was instructed to report favorably on A. B. No. 56.
